5. Stage 4 and 5 student pre-screen form: Mount View High School GP Clinic

To be completed by the referring teacher in collaboration with the student who is being referred.

Does the student have a regular GP and if so do they know the practice or the GP name?	
When was their last appointment? (Be as specific as you can. e.g. Last year, last month, last week?)	
What is the primary reason for the GP appointment?	
Has this been discussed with the students' regular GP at any point?	
What is the primary barrier from accessing a current or external GP?	
What is the student's Medicare number?	
What actions have been completed to this point to address the situation? Over what time period?	
Who is the referring teacher?	
The student acknowledges that the above information is a true and accurate reflection:	

Forward this form to the practice manager Cindy Jeffery cjeffery@communityhealthcare.org.au no later than two days prior to the requested appointment.
